

CHRONOS

A Geochemical Clock to Measure Timescales of Volcanic Eruptions

KICK-OFF MEETING PROGRAM

9:30-9:45

*Welcome speeches by the Magnifico Rettore Prof. F. Moriconi
and the Head of Department of Physics and Geology Prof.ssa C. Petrillo*

9:45 - 10:15

D. Perugini - Welcome and introduction: brief survey of main Project tasks and activities

10:15 - 11:00

*S. Conticelli - The role of Carbon from recycled carbonated metapelites in the
genesis of magmas at convergent destructive margins*

Coffee break

11:30 - 12:15

M. R. Carroll - Crystallisation kinetics and timescales of magmatic processes

12:15- 13:00

D. B. Dingwell - Volcanology: experimental access to a violent event

Lunch

15:00

Visit to the Petro-Volcanology Research Laboratories

12th May 2015

Sala Dessau (Rettorato), Piazza dell'Università, Perugia
